Milk Chocolate

Milk chocolate is a staple in the Sees Candy lineup, characterized by its creamy texture and balanced sweetness. Made from high-quality cocoa beans blended with fresh milk and sugar, it offers a mellow chocolate flavor that melts smoothly on the palate. This flavor is often used as a coating or base

for other fillings.

Dark Chocolate

For those who prefer a richer, more intense taste, Sees offers dark chocolate varieties with varying cocoa content. Dark chocolate pieces boast a deep, slightly bitter profile with complex notes of roasted cacao, making them a sophisticated choice for discerning chocolate lovers. These pieces often contain 60% or more cocoa solids, emphasizing purity and depth.

Chocolate with Creamy Centers

Many classic Sees candies feature luscious creamy centers that complement the chocolate shell. Popular options include vanilla cream, mocha cream, and buttercream, each delivering a smooth, velvety texture that enhances the overall flavor experience. These fillings are crafted from high-quality dairy ingredients for richness and freshness.

Nutty and Crunchy Varieties

Sees Candies are renowned for their expertly balanced nutty and crunchy confections, which combine textures and flavors for a satisfying bite. The nuts used are carefully selected and roasted to bring out their natural aroma and flavor, ensuring freshness and quality in every piece.

Almonds

Almonds are a signature ingredient in many Sees Candy products. Whether whole, chopped, or slivered, they add a pleasant crunch and a slightly sweet, nutty flavor that pairs beautifully with milk or dark chocolate. Almonds are often found in clusters, chocolate bars, and as toppings.

Cashews

Cashews offer a buttery texture and mild flavor that complement the chocolate coating without overpowering it. Sees incorporates cashews in both milk and dark chocolate varieties, often combined with caramel or nougat for added richness. The creamy nature of cashews enhances the mouthfeel of these treats.

Peanuts and Pecans

Peanuts and pecans are frequently utilized in Sees candy assortments,

Cherry

Cherry-flavored chocolates are a popular choice, often featuring whole candied cherries or cherry-flavored creams encased in dark or milk chocolate. The tartness of the cherry pairs well with the sweetness of the chocolate for a harmonious flavor profile.

Orange

Orange-infused candies utilize zesty orange oil or candied orange peel to add a citrusy brightness. These chocolates often have a bittersweet character, especially when combined with dark chocolate, creating a sophisticated taste experience.

Raspberry

Raspberry cream centers and fruit-flavored fillings are prized for their vibrant, slightly tart flavor that cuts through the richness of chocolate. Sees uses high-quality raspberry flavoring to maintain authenticity and freshness.

Caramel and Toffee Delights

Caramel and toffee are integral to many Sees Candy offerings, delivering a luscious, chewy texture and buttery sweetness that complement the chocolate shell. These confections are crafted with premium ingredients to achieve the perfect balance of flavor and consistency.

Classic Caramel

Sees' classic caramel candies are soft, buttery, and rich, often enrobed in milk or dark chocolate. The caramel is slow-cooked to achieve a smooth texture without being overly sticky or hard, making it a favorite among caramel lovers.

Toffee

Toffee from Sees is known for its crisp texture and deep, caramelized flavor. Made with toasted sugar and butter, it offers a satisfying crunch and a slightly nutty undertone. Toffee pieces may be dipped in chocolate or included in clusters with nuts.
