Lesson 5: Doubling Consonants

In Lesson 5, students learn about the rule of doubling consonants when adding suffixes to words that end in a single vowel followed by a consonant.

- Key Rules:

- If the word has one syllable and ends with a single consonant, double the consonant before adding the suffix (e.g., "run" becomes "running").
- If the word has two syllables and the stress is on the last syllable, the same rule applies (e.g., "begin" becomes "beginning").

Lesson 6: Common Prefixes

Lesson 6 introduces students to common prefixes, which are added to the beginning of a root word to alter its meaning.

- Common Prefixes:
- "un-" (not): unhappy, undo
- "re-" (again): redo, rewrite
- "dis-" (opposite): disagree, disapprove

Students practice identifying and using these prefixes in various words, enhancing their understanding of word formation.

Lesson 7: Common Suffixes

In Lesson 7, the focus shifts to common suffixes that can be added to the end of root words.

- Common Suffixes:
- "-ing": running, jumping
- "-ed": walked, jumped
- "-ful": thoughtful, playful

Students learn how these suffixes change the meaning of words and can also alter their parts of speech.

Lesson 8: Review and Application
