History and Background of the Indian Journal of Political

Science IJPS

The Indian Journal of Political Science IJPS has a rich legacy dating back to its inception in the mid-20th century. It was founded with the objective of creating a dedicated platform for political scientists in India to publish original research and theoretical work. Over the decades, the journal has evolved alongside the political landscape of India, reflecting changing paradigms and scholarly debates. It is published by a reputable academic institution and has continuously maintained high standards of academic rigor. The journal's historical development highlights its commitment to fostering dialogue among scholars both within India and internationally.

Founding and Evolution

The journal was established to address the growing need for a specialized publication that could accommodate diverse political science topics relevant to Indian society and governance. Initially focusing on national issues, it gradually expanded its scope to include comparative politics and international relations. The evolution of the Indian Journal of Political Science IJPS mirrors the maturation of political science as a discipline in India, contributing to policy discourse and academic inquiry.

Milestones and Achievements

Throughout its history, the Indian Journal of Political Science IJPS has achieved several milestones, including the publication of seminal articles that have influenced political thought and practice. It has hosted special issues on critical themes such as federalism, electoral reforms, and globalization. The journal's consistent publication record and adherence to scholarly excellence have earned it recognition in academic circles worldwide.

Scope and Thematic Coverage

The scope of the Indian Journal of Political Science IJPS is broad yet focused, encompassing a wide range of political science disciplines. It serves as a repository of knowledge covering theoretical, empirical, and policy-oriented studies. The journal welcomes research articles, review essays, and book reviews that contribute to the understanding of political phenomena in India and globally.

Core Areas of Focus

The journal covers several key areas, including:

- Political theory and philosophy
- Comparative politics and political systems
- Indian government and politics
- International relations and diplomacy
- Public administration and governance
- Political economy and development studies

Special Issues and Thematic Editions

From time to time, the Indian Journal of Political Science IJPS publishes special issues dedicated to contemporary political challenges or emerging areas of research. These thematic editions provide a concentrated analysis of topics such as electoral behavior, human rights, environmental politics, and political movements, fostering interdisciplinary dialogue and innovative scholarship.

Editorial Policies and Peer Review Process

Maintaining academic integrity and quality is paramount to the Indian Journal of Political Science IJPS. The journal adheres to a strict editorial policy that ensures the credibility and originality of published works. Its peer review process is rigorous, involving multiple experts who evaluate submissions based on methodological soundness, relevance, and contribution to the field.

Editorial Board and Expertise

The editorial board comprises distinguished scholars and practitioners in political science, representing various subfields and institutions. Their expertise guides the journal's strategic direction and upholds the standards of publication. The board also oversees ethical practices and conflict-of-interest management in the review process.

Double-Blind Peer Review

The Indian Journal of Political Science IJPS employs a double-blind peer review system wherein both authors and reviewers remain anonymous. This approach minimizes bias, promotes fairness, and enhances the quality of feedback. Reviewers assess the clarity, originality, relevance, and academic rigor of manuscripts before recommending acceptance, revision, or rejection.

Submission Guidelines and Author Requirements

Authors interested in publishing with the Indian Journal of Political Science IJPS must follow detailed submission guidelines designed to streamline the review process and ensure consistency. These instructions cover manuscript formatting, citation styles, and ethical considerations such as plagiarism and data integrity.

Manuscript Preparation

Submissions should be original, unpublished works written in clear and precise language. The journal typically requires manuscripts to be formatted according to a specified style, often including guidelines for abstract length, keywords, headings, and reference citation. Authors are encouraged to include empirical data, theoretical frameworks, and policy implications where relevant.

Ethical Standards and Copyright

Compliance with ethical standards is mandatory, including proper attribution of sources and avoidance of duplicate publication. Upon acceptance, authors transfer certain copyrights to the journal while retaining rights to share their work responsibly. Transparency about funding sources and conflicts of interest is also required.

Indexing, Accessibility, and Impact

The Indian Journal of Political Science IJPS is widely indexed in academic databases, enhancing its visibility and accessibility to researchers worldwide. Its impact factor and citation metrics reflect the journal's influence in shaping political science scholarship and policy debates.

Academic Databases and Indexing Services

The journal is listed in prominent indexing services that include major social science and humanities databases. This indexing facilitates discoverability by researchers, students, and policymakers, contributing to the dissemination of knowledge generated through the journal.

Open Access and Distribution

While traditionally available in print and subscription formats, the Indian Journal of Political Science

IJPS has embraced digital dissemination models. Some issues or articles may be accessible through open access platforms, supporting broader reach and engagement with the global academic community.

Contribution to Political Science Research in India

The Indian Journal of Political Science IJPS plays a vital role in advancing political science research within India. It provides a scholarly forum that bridges theoretical inquiry and practical policy concerns, fostering a deeper understanding of India's complex political environment.

Influence on Policy and Governance

Research published in the journal often informs policymakers, civil society, and academic institutions, contributing to debates on governance, democracy, and development. By highlighting regional and national issues, the journal helps shape evidence-based policies and reforms.

Academic and Pedagogical Importance

The journal serves as an essential resource for students, educators, and researchers, aiding curriculum development and scholarly discourse. Its articles are frequently cited in academic works, reflecting its role in nurturing political science as a discipline and encouraging interdisciplinary collaboration.

- Comprehensive coverage of political science topics related to India and comparative studies
- Rigorous peer review ensuring high academic standards
- Support for emerging scholars alongside established experts

- Contribution to policy analysis and governance reforms
- Wide indexing and growing digital accessibility
