Each day presents a specific task designed to inspire couples to reflect on their actions, attitudes, and the way they express love.

Origins

The concept originated from the 2008 film "Fireproof," where the main character, Caleb Holt, embarks on a journey to save his failing marriage through a series of dares. The Love Dare eBook was written by Alex Kendrick and Stephen Kendrick, the creators of the film, and serves as a practical extension of the themes explored in the movie.
