Passing the test demonstrates that the applicant has the necessary knowledge to operate a vehicle safely on public roads.

The test consists of multiple-choice questions, with the number of questions varying depending on the type of license being sought. Typically, the test includes 30 questions for a standard driver's license, and a minimum score of 80% is required to pass. The questions are drawn from the Illinois Rules of the Road manual, ensuring that applicants are familiar with the state's specific driving regulations.

Test Format and Scoring
